1stop Placements Assistance

Preparation for Campus Placement Drives

Recognizing that companies visit colleges for campus placements, the program provides comprehensive placement assistance to help you succeed.

Assistance Includes

Mock Interviews
Practice interview sessions to build confidence and improve performance.

Coding Questions
Guidance on solving coding problems commonly asked in technical interviews.

Aptitude Questions
Training on aptitude tests, a key component in many placement processes.

Interview Tips
Expert advice on how to present yourself and proceed strategically during different types of interviews.

Objective
Equip you with the skills, knowledge, and confidence to excel in campus placement drives.

Certificate collection

Total Certificates: 3 Certificates will be awarded.

Participation Certificate: Jointly awarded by 1stop.ai & Alcheringa, IIT Guwahati.

Industrial Project Certificate: Can be submitted to your college for 3 credit points.

Internship Completion Certificate: Can be submitted to your college for 5 credit points.

Value Addition: These certifications not only enhance your resume but also contribute to your academic credit requirements.

Hear from Our Learners

Rebanth Palukuri
IOT | Gitam Deemed University

I've always been fascinated by technology, but 1 Stop and Apsis Solutions helped me turn that fascination into action. Working on real IoT projects, I built my own system with sensors, coding, and real-time data analysis. The mentorship from Apsis Solutions was invaluable, offering practical insights into the latest IoT trends. This hands-on experience not only enhanced my skills but also prepared me to innovate in the tech world. If you're passionate about IoT, this is the perfect place to start!

Nishanth Choudary
Startup and Entrepreneurship |IIT Kanpur

I couldn't be more excited to share how my entrepreneurial dream became a reality through the Startup and Entrepreneurship project at 1 Stop in partnership with Movidu.
I developed a tech startup business plan for sustainable energy solutions and gained invaluable training from Movidu's founder. Presenting my plan to experts was exhilarating, and their feedback shaped my mindset and practical skills for future success."

Kanha Patra
Institute of Management & IT, Cuttack

During my 2nd year summer break, I took on a Cyber Security live project by 1 Stop, and it was the best decision ever! The hands-on exposure to real-world cyber threats sharpened my problem-solving skills and critical thinking. By the end, I not only earned a valuable certificate but gained the confidence to stand out in the job market.

Bobby Dasari
Kakinada Institute of Engineering and Technology

1 Stop's step-by-step program transformed my front-end web development skills. I went from confusion to building a website I love. The mentorship and projects were invaluable, boosting my confidence and opening tech career doors.
